

Help give these Nigerian mothers a break.

They watched 1,076,613 Nigerian under five children die of all causes in 2008.

217,357 deaths were from Malaria in 2008. WHO Lancet 2010

Only 8 % of children slept under an insecticide treated mosquito net in 2007.

Coverage of Artemisinin ACT recommended malaria medication for children is low, but 33% children receive some medication.

Indoor residual spraying was very low. WHO UNICEF

80% use of insecticide treated mosquito nets, plus 80% of homes treated with indoor residual spraying would break the malaria cycle of transmission.
