

***"HIGH TECH, HIGH TOUCH:
Tools For Meaningful Ministry"***

SATURDAY, MARCH 24, 2007

8:30 am—3:15 pm

Grace Lutheran — Tomahawk, WI

Audience: Worship & Education Leaders, Pastors

Focus: An entire day of Discovery and Learning for Enhancing
Worship and Educational Programs by The use of Technology!

What You Will Discover:

Augsburg Fortress CEO Beth Lewis, will inspire you with her
presentation "From Gutenberg to Google"

Robert Driver-Bishop, Lutheran Voices author and Workshop Leader will
help you discover how to build multi-media, music & worship teams
as well as ways congregations use web, computer, video for better
communications (E-Vangelism)

Augsburg Fortress Experts will highlight the power of
sundaysandseasons.com and other worship tools and how to more
effectively link home and church with Augsburg Fortress
web-based Products.

Discover how a small rural church re-energized it's ministry and building
with Multi-media worship;

Hear from software users the pro's and con's to power point, Media
Shout and others;

Discover the "Nuts & Bolts" to bringing technology tools into your
worship setting;

Learn how to put to together a Multi-media, meaningful "Lutheran"
worship service.

Begin the day with an experiential opening devotion and
end the day with a meaningful multi-media worship!
